Dairy Market Loss Assistance (DMLA-III) Refund of Offsets

Approved by: Deputy Administrator, Management

1 Overview

A

Background

The Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Appropriations Act of 2001 (Pub. L. 106-387) provides legislation pertaining to offsets. Title VIII, Section 842 of the 2001 Act provides that "Payments made from amounts appropriated pursuant to this title **shall not** be subject to administrative offset, including offset under chapter 37 of title 31, United States Code."

When DMLA-I and II program payments were made to respective producers, legislation did not prohibit the offset procedure. In an effort to pay dairy producers under DMLA-III as quickly as possible, no new signup was authorized for producers who received a DMLA-I and II payment. The DMLA-III payments were issued between December 2000 through January 2001 with offsets taken.

The Office of General Counsel interpretation of the 2001 Act is that DMLA-III payments are not subject to offset. Therefore, County Offices shall refund the producers for the offset amount taken to pay the FSA/CCC receivables, claims, or farm loan programs.
